

# Chigi-Albani Mafia

The Chigi-Albani della Rovere family is one of the most evil bloodlines on the planet and their motivation is bombing the world in a nuclear holocaust. They are Zio-Nazis. They are both Zionists and Nazis. Their primary job is turning people in society into psychopathic sadists. Prince Mario Chigi-Albani-della Rovere is a high level prince of Rome and him and his son Prince Flavio Chigi-Albani-della Rovere are controlling the Albanian Mafia and they have some command over the Sovereign Military Order of Malta. Prince Mario Chigi-Albani della Rovere was investigated in Italy involving the tax evasion of hundreds of thousands and using offshore accounts in Liechtenstein. Mario Chigi was also charged with violating environmental restrictions at the resort he owns and media reports claim he was "sentenced to a year in prison in 2016" however his son Prince Flavio Chigi got off on all criminal charges. The Chigi family are mobsters. Prince Mario claims he is god and tortures people relentlessly until they submit to him. He wants people to beg him for mercy. The Chigis are one of the most psychotic and militant families on the planet. The Albani family originated in Alban Hills and later migrated to Albania giving Albania its name. The House of Zogu serve the Italian royals and nobles. The Chigi family ruled in Siena around the time the Banca Monte dei Paschi di Siena or BMPS was established which is still in operation today along with its charity subsidiary Fondazione Monte dei Paschi di Siena which is involved in making pay offs disguised as bad loans. BMPS has about 140 billion in assets. I believe that the Chigi family have an ancient Babylonian-Chaldean ancestry and their name derives from the Hebrew word Shigionoth. The Chigi papal coat of arms has 6 hexagrams on it. The Hexagram has Babylonian origins. The Chigis have some authority over the Jewish Walton family which use the six pointed star on their Walmart logo. The Equestrian Order of the Holy Sepulchre of Jerusalem is headquartered at the Palazzo Della Rovere in Rome and was established there by Fabio Chigi or Pope Alexander VII. After migrating out of Babylon the Albani family were likely the Albia Roman gente clan. The Jewish billionaire Baron Alan Sugar is an agent of the Chigis and lives in Chigwell, Essex. The Chigi family are a second level nobility in Rome or deputies or stewards to the Colonnas and Massimos. The Italian Prime Minister resides in the Palazzo Chigi today. The Chigi family are using their authority over secret societies and the Albanian Mafia to persecute people that the Black Nobility have declared as heretics.

The House of Chigi has also intermarried with Holy Roman nobles the House of Sayn-Wittgenstein and through their Holy Roman ancestry have been directly subordinate to the Windsors and Saxe Coburg and Gothas which are working closely with the House of Massimo. Karl Wittgenstein was a Jewish member of this family and one of the wealthiest men in Europe. I believe the Wittgenstein family transferred their wealth to the House of Sayn-Wittgenstein through private Swiss accounts and that is why their wealth is not accounted for today. Prince Heinrich of Sayn-Wittgenstein was a member of the Nazi Luftwaffe. The Flick family originated in Siegen a territory ruled by the Sayn-Wittgensteins and Gert Flick and married Princess Johanna von Sayn-Wittgenstein-Hohenstein. Friedrich Flick was a Nazi and wealthy industrialist that used tens of thousands of slaves for labor during WWII. The Flick family are currently worth at least 7 billion with Friedrich Christian Flick, Gert Flick, Moritz Flick and Alexander Flick as current members. Prince Ludovico Chigi-Albani della Rovere was the Grandmaster of the Sovereign Military Order of Malta during WWII and married Princess Anna Aldobrandini who had Rochefoucauld French noble ancestry. Prince Ludovico's mother was Princess Antoinette of Sayn-Wittgenstein-Sayn. Dominique Prince de La Rochefoucauld-Montbel is currently a member of the Sovereign Council of the Order of Malta. It

was really the Sovereign Military Order of Malta that orchestrated WWII and manipulated all sides of the war. The Nazi Vice Chancellor Franz von Papen was a Vatican knight and believed to be a Knight of Malta. Baron Albrecht Freiherr von Boeselager is the current Grand Chancellor of the Order of Malta which is headquartered in Rome. The Boeselager are a German nobility and Baron Georg von Boeselager and Albrecht's father Baron Philipp von Boeselager were Nazis who were involved in the fake plot to assassinate Hitler known as Operation Valkyrie. The Order of Malta are a military council and engineered various wars through out history including WWI and WWII. There was also a holocaust in Albania during WWII carried out on ethnic groups in Albania like the Slavs. The Albanian Mafia are extremely violent and have human trafficking networks going into Germany and the Mid East.

The Chigi family along with the other Black Nobility are trying to carry out a holocaust in the United States. These people are extremely dangerous and ruthless and have absolutely no regard for human life. The Black Nobility should be the ones at the top of the terrorist watch list and have bounties on their heads. Prince Mario's son Prince Flavio Chigi-Albani actively manages the Albanian Mafia like the Rudaj Organization and Albanian Boys. The Shkreli's are an Albanian clan with Martin Shkreli a hedge fund manager that was convicted of fraud. The Shkreli family also owns Alba Construction in New York headed up by a different Martin Shkreli. The mafia specializes in infiltrating businesses through construction where they build hidden passageways into the buildings they construct. The Shkreli's work with both the Albanian Mafia and the Colombo crime family. One of their murderous mafia crew bosses is named Ergest Mati and he operates outside Las Vegas in Henderson Nevada. His primary agenda is corrupting and destroying women. Ergest Mati is involved in drug trafficking, sex trafficking, home invasions, extortion, threats, gang stalking, and various other crimes. He is a coward that hides behind women and also murders women. Ergest Mati is an insane liar who commands a massive cult of cannibalistic women. He was arrested with some Latin thugs for possession of a stolen firearm and then snitched on them and fled to Las Vegas. John Alite is a top Albanian boss with close ties with the Gambino crime family. Nardino Colotti is another top boss of the Rudaj Mafia. The Albanian Mafia are one of the most violent and ruthless criminal organizations in the world and do a lot of the dirty work for La Cosa Nostra especially human trafficking. The Hellbanianz are a London based Albanian Mafia with operations in the US. The Jewish-Albanian rapper Action Bronson oversees the Hellbanianz and Albanian Boys in the US and he works under Prince Harry and the Massimo di Roccaseccas of London. Many Albanian immigrants came into the United States after the war in Kosovo and many members of the Albanian Mafia were raised from this violence. Prince Leka II of Albania works as an adviser for the President of Albania and is knighted under the House of Savoy and House of Bourbon-Two Sicilies. The Clintons bombed Yugoslavia to help the Albanian mafia in taking over there. Banca Monte dei Paschi di Siena has donated to the Clinton Foundation. The Albanian Mafia are hardcore gangsters and working on carrying out a Nazi style holocaust in the United States under orders from Rome as a means to get rid of any resistance.

Prince Mario Chigi-Albani della Rovere is a high authority in Rome and he is the primary owner of the Albanian Mafia which are an international crime syndicate. Prince Mario is also a military commander over the Sovereign Military Order of Malta and his ancestor Prince Ludovico Chigi-Albani della Rovere was the Prince and Grand Master of the Sovereign Military Order of Malta during WWII. Prince Mario has a major god complex which is why the other Roman nobles used their influence to have him investigated for money laundering in Liechtenstein and later had him arrested and convicted for violating environmental laws. Prince Mario Chigi claims to be god and thinks he is the head of the Black Nobility but in reality he serves the Massimos family. The Massimos and Gaetanis also took over command of the Albanian Mafia in New York through the Gambinos however the Chigis still manage and profit from the Albanian Mafia and still own and run the Albanian Mafia in Albania.

### **The prince suspected of having distracted the tax system about 400 thousand euros.**

According to investigators, in order to divert the gains achieved in Italy, and to elude the chain of fiscal controls, the **Chigi family**, "fictitious residents" in Bulgaria, had **established two offshore companies in Liechtenstein**. The two companies, although the economic activity was carried out in Italy, invoiced services to national and foreign tour operators: the proceeds were thus diverted to the current accounts of tax havens. In that case it was an **alleged evasion of 30.5 million euros** and a concealment of VAT of 1.9 million euros, in addition to a round of false invoices of about 2.2 million euros. Nothing to do with the 400 thousand euro evasion disputed currently by the prosecutor of Rome.

Abusive development, one year for the prince

**A year of imprisonment** for abusive subdivision, committed according to the accusation within his international camping Country Club Castelfusano in violation of archaeological, environmental and landscape constraints that protect the reserve of the Roman coast, near Ostia. It is the sentence handed down yesterday by the Rome judge to the eighty-six year old prince **Mario Chigi**, who will also have to pay a fine of 35 thousand euros. The sole director of the company that owns the campsite, Michelangelo Cavalcanti di Verbicaro, was sentenced to the same penalty. **Flavio Chigi, Mario's son, was acquitted.** For all three defendants the prosecutor had asked for three years.

Prince Flavio Chigi-Albani della Rovere is a top owner of the Albanian Mafia and a commander over blond haired Nazi supremacists. Prince Flavio is loyal to higher level Roman nobles which is why he was not convicted for environmental crimes. Prince Flavio and Prince Harry manage an Albanian mobster and gang stalker named Ergest Mati. Ergest Mati and his Armenian criminal associate attempted to break into an Italian drug dealers home. They smashed the bedroom window of the child of the drug dealer and then ran. After angering some Italian mobsters Ergest Mati started working with Latin Kings and Latin criminals. He was arrested with them for possession of a stolen gun and he snitched on them and immediately fled to Nevada. Today he runs an Albanian crew in New England and Nevada and he also runs a large scale murderous cult of satanic prostitutes that are paid by their pimps like Ergest Mati to sexually target other men for infiltration for further persecution and crimes like murder. Ergest Mati specializes in turning women into sexual

sadists that are obsessed with treating children like cattle, obsessed with burning children alive, and obsessed with raping, murdering, and cannibalizing children. Ergest Mati has a huge army of murderous females working day and night towards destroying society because they lust and only lust for sadism. This entire group has one goal and that is the destruction of human life and total enslavement of the remainder. The only solution to dealing with these murderous psychopaths is killing them.
